A COMMISSION TO PREVENT AN INDIAN WAR.

Secretary McCulloch's Position to be Sustained.

THE QUESTION OF IMPEACHMENT.

Randall's Bill Thought to be Losing Ground.

WASHINGTON, January 30, 1867.

THE AFFAIRS IN TEXAS.

Among the documents sent to the House to-day, was the report of General Wright on affairs in Texas. He gets frequent complaints from the Northeastern frontier, of barbarities towards refugees and freedmen, and suggests an increased force of troops to put a stop thereto. He also suggests the employment of additional troops to preserve the frontier settlements from Indian troubles.

THE COLORADO MUDDLE.

Governor Cummings publishes a card emphatically controverting the truth of Mr. Charles' telegram, in relation to the exclusion of negroes and mulatoes from the jury box in Colorado. He vetoed such a bill and it was passed over his veto.

Governor Cummings is here by request of the Commissioners of Indian Affairs, to meet the Superintendent of Indian affairs of New Mexico, with a view to furnish the Indian Bureau with such information as will enable the Commissioner to take efficient steps for the execution of a treaty with the Ute Indians in order to preserve peace.

AMERICAN COLONY IN PALESTINE.

The Diplomatic Correspondence, relating to the American colony at Jappa, was sent to the Senate to-day. Minister Morris, at Constantinople, reports the condition of the colonists as very pitiable. The Sublime Porte will not grant land to foreigners unless they become his subjects. The American Consul at Jappa has been suspended for alleged misconduct toward the colonists. The latter are 160 in number, and are from Maine.

ON VARIOUS MATTERS.

A letter to the New York *Evening Post,* dated Washington, 29th, says: It is probable the Tariff bill will fail for lack of time, and through the exorbitant demands of manufacturers. It cannot, at any rate, secure the requisite vote to pass it over a veto, and it would not surprise me if all great bills failed for lack of time. In financial matters, McCulloch's policy will not be disturbed. There is nothing new on the impeachment; no new witnesses examined. It is not probable this Congress will do anything towards impeachment.

INDIAN AFFAIRS.

The Commissioner of Indian Affairs is engaged in the selection of an important commission, to be composed of three eminent citizens and two military officers of prominence, to go to Fort Phil Kearney, with the view of a full and complete investigation into all facts and circumstances connected with the recent massacre, and to take into consideration the disturbed condition of Indian affairs in that locality; and stop, if possible, the threatened war throughout the Indian country.

DEMOCRATIC CAUCUS.

A caucus of Democratic members of Congress was held this evening. Judge Niblack of Indiana, presided. About twenty-five members were present. The discussion was free but rather informal, and resulted in no definite action. The chief matter of interest was the propriety of calling a National Convention.

Caucus adjourned to meet next Monday night.

ARMY MATTERS.

General Grant has ordered that as soon as the Seventh Cavalry—stationed in the Military Division of the Mississippi—is filled up, recruits be forwarded to the Fifth Cavalry, stationed in Tennessee, North and South Carolina, increasing the regiment to a full maximum.

RANDALL'S BILL.

Randall's bill is thought to be losing ground.

[From Despatches to the New York Press.]

The *Times'* Washington correspondent says that he has the best authority for saying that the article in the London *Times* from its Washington correspondent, referred to in the cable dispatches, contains nothing of the kind attributed to it in the conversation with the President. He did not refer to Congress at all.

The New Orleans Riot Committee will not complete their labor in two weeks. Gens. Grant and Fullerton and Mr. Raymond have been subpœned. Mr. Boyer, the Democratic member of the committee, has not examined one-third of his witnesses, but has already signified his intention to submit a minority report.

The Impeachment Committee of the Southern Republican Association has prepared a partial list of witnesses in the impeachment case and will soon suggest their programme of investigating the charge.

The Senate Postoffice Committee have agreed to report the postal appropriation bill as it passed the House.

General Loigar, the Minister from Columbia, has arrived at Washington, from New York, and it is understood that the misunderstanding which has been spoken of as existing between Mr. Burton, our Minister in Bogota, and the Columbian Government will soon be arranged.

The Senate Committee on Foreign Affairs came to no conclusion yesterday in regard to foreign appointments before them, but it is understood both Cowan and Dix will be reported against.

Mr. Seward's letter to Mr. Motley is looked upon by Senators here as most insulting and undignified, and it is considered that Mr. Motley, in self respect is compelled to resign. The committee will, therefore, report against any one nominated to the position.

With regard to the gold sales, the Senate Committee on Finance favor the present policy of the Secretary of the Treasury, but they have not yet disposed of the gold bill.

The Ways and Means Committee were engaged yesterday on the tax bill. They will not report it, however, till they get the tariff bill, so as to harmonize.

No conclusion has been reached concerning the issue of fifty or one hundred million of loan certificates, bearing a less rate of interest than the compound notes, to take the place of those held by the banks. Secretary McCulloch favors the scheme.

Compound interest notes valued at fifteen million of dollars, have been withdrawn from circulation and cancelled since July last.

GRAND ARMY OF THE REPUBLIC.

Convention at Columbus, Ohio—Declaration of the Purposes of the Organization.

COLUMBUS, Jan. 30.—The State Convention of the Grand Army of the Republic met here to-day. It is well attended. The Convention adopted the following resolutions:

Resolved, That we endorse the resolution expressive of the principles and purposes of the Grand Army of the Republic, adopted by its recent National Convention at Indianapolis.

Resolved, That the G. A. Resolved, That the benevolent objects of the Grand Army of the Republic is to labor particularly for the interests of the widows and orphans of our fallen comrades; to aid in securing employment to the disabled heroes of the war, and to secure, by every means in its power, the interests of those who, during the past contest for the supremacy of the Government, united in pledging their lives and means for its defence.

Amusements.

OPERA HOUSE.—Last night Helen Western played to a very full house, a much larger audience than usual being gathered to witness her personation of the "French Spy." She was warmly and repeatedly applauded. To-night "Green Bushes."

THE FAKIR OF VISHNU.—Last evening Masonic Hall was absolutely jammed to witness the astonishing performances of the Fakir of Vishu. There was not even standing room left. The entertainment was in every way worthy of the crowd assembled. Seldom has it been the fortune of any person there present to witness feats so astonishing as those exhibited last evening. The principal prize, a magnificent centre table, was drawn by Mr. Edward Burt, of Market street, West Manchester. To-night the chief prize will be a handsome sofa. We regret that the Fakir will remain with us only the present week.

THEATRE.—A very good house was present last evening at the Theatre to witness the rendition of "La Fille Du Danube." The ballet was, as usual, the principal attraction, and did as well as customary.

An Editor's Chair.—Under the auspices of the young ladies of Birmingham, a fair and festival for the benefit of the Orphans, has been opened at Town Hall. Among the attractions is an editors chair for the journal which receives the highest number of votes, and a silver horn for the most popular fire company. We hope the fair will prove a pecuniary success.

CITY AND SUBURBAN.

Alleged Robbers Arrested.

Our readers will remember the robbery of the Great Western Gun Works of Mr. J. H. Johnston, on the corner of Penn and Wayne streets, last week. On Saturday Mr. Johnston received word that two men were seen on Friday at East Liberty endeavoring to sell some rifles and revolvers similar to those stolen. Officers were dispatched and made three visits to the place but were each time unsuccessful. Yesterday morning Mr. J. Dobson, Supervisor of the Western Division of the Pennsylvania Railroad, went east on the day mail train, which left here at eight o'clock. At Larrimer's station he observed a man get on the train with a splendid rifle and several revolvers. The possession of so many weapons seemed strange, and Mr. Dobson watched the new passenger. He soon noticed him endeavoring to sell the arms among the passengers. At Greensburg Constable Kline happened to be at the depot, and Mr. D. asked him on the train to watch the armed man. He complied. At Latrobe, Mr. Dobson sent a dispatch to officer Fox, of the Depot police, asking if the man should be arrested as the robber of the Great Western Works. Officer Fox telegraphed to have him sent on immediately. The dispatch reached the train at Blairsville, and officer Kline immediately started for the city with the prisoner. Meantime Mr. Johnson had received a dispatch from Larrimers Station, stating that the man was there with the fire arms, and some officers left here for that place to arrest him. The object of their pursuit crossed them on the road and reached here at about three o'clock. He gives his name as William Adams, and was employed until recently, at one of the oil refineries near Sharpsburg. He had in his possession a splendid rifle and five revolverss, which Mr. Johnston identified at once as a part of the property stolen from him. He had also in his possession another revolver which was stolen some two weeks since, from a second hand store in the Ninth ward, thus proving that he was a party to that robbery. He denies that he stole the articles in his possession, but bought them on Tuesday. But as he answers perfectly to the description of the man who was at East Liberty on Friday, it is probable that he is not quite reliable in his statement. He was locked up for a hearing. A message from East Liberty was received last night saying that the other man with the remainder of the stolen property was out there. Officers went in pursuit and returned this morning with the object of their trip. The second prisoner gives his name as Thomas Stevens, and denies any knowledge of a robbery. He says that Adams boarded with him at Negley's Run. A rifle was captured with him which has not been identified yet. He says he has owned it for a long time. The prisoner was brought in at so late an hour that we can give no particulars.

The National Skating Contest—First Day.

Yesterday afternoon the great contest between male skaters for a premium of four hundred dollars and the American Champion's gold medal, commenced at the Central Park. An immense crowd was present and much enthusiasm was manifested, loud cheers frequently rewarding some uncommonly fine performance. Five contestants were entered, viz: John Engler, jr., Jersey City, N. J., William Bishop, of New York; E. T. Goodrich, of Chicago, Ill., Callie Curtis, of Chicago Ill., and John Miner, of Detroit Michigan. The following is the list of Judges: Frank Van Gorder, Chas. C. Burke, T. A. Dilworth, Charles T. Hughes, and John Burgess. Before the commencement of the contest, each competitor signed articles of agreement, by which all are solemnly bound to the following conditions, viz: The winner of the champion's medal, if challenged to a contest during the next ten years, shall make the condition of acceptance an agreement to skate the contest on the Central Park. All challenges from male skaters for the possession of the medal, are to be accepted if given within ten years, from January 1st, 1867, the acceptance to be on certain conditions. If the winner be challenged before the 15th of December, 1867, the contest shall take place within twenty days after that date, weather permitting.

After the signing of the articles the judges and contestants were briefly addressed by T. A. Spence, Esq. He stated that the utmost care had been exercised in selecting the most thoroughly qualified and honorable men as judges in the contest, and expressed his confidence that they would make the award in perfect fairness, performing their difficult task uninfluenced by any considerations not strictly just. He exhorted the contestants for the medal, as honorable men, to abide without demur, by the decision of the judges.

All then entered the enclosure on the ice, and the contest commenced. The programme embraces twenty-one performances, in each of which each contestant competes. All were closely matched, and the decision will be a most difficult task. It was found utterly impossible to complete the programme yesterday afternoon, and the contest, by common consent, will be resumed at half past one o'clock this afternoon. The remaining performances are as follows: 12. Toe and heel movements; 13. Single flat-foot spins and double-foot whirls; 14. One-foot ringlets; 15. One-foot loops; 16. Serpentines; 17. Changes of edge; 18. Figure 8 on one foot; 19. Specialties; 20. Pot-pourri; 21. General grace and finish.

Capt. Miner, of Detroit, has formed an engagement at the Park for next week, when he will exhibit this wonderful stilt skating, on stilts thirteen inches high.

Miss Katie Forsyth has challenged Miss Gertie Frothingham, of New York, to a new contest for the champion's medal. The challenge is accepted, but the contest delayed until next season.

Fenian Bonds and Prayers as Circulating Medium.

On Tuesday the conductor of an express train on the Pennsylvania Railroad, when approaching Gallitzen station, asked an Irishman on board for his ticket. In place of the required ticket the passenger handed out a Fenian Bond, requesting the conductor, with the most nonchalant air in the world, to take the amount out of that. The conductor declined, and an argument ensued, the Celt insisting that Irish money was as good as American any day. That might be, but the conductor informed him that if the American money were not forthcoming he would be put off the train at Gallitzen. Arrived at that place he looked for his defaulting passenger, and discovered him on his knees, wrapt in the most profound devotion, praying silently but none the less earnestly. Not wishing to disturb the prayers of any man the conductor left him, instructing the brakeman to see that the man, after finishing that prayer, did not commence another and to put him off the train at Conemagh. The Irishman eventually got off his knees, when the brakeman addressed him, asking what he was doing just now; "Praying for you and the conductor," was the quick response. "And now shure ye'll be aither lettin' me ride for nothin'."

The irreverent brakeman assured him that prayers would pay no more fares on that road than Fenian bonds, and at Conemagh sure enough the unlucky traveler was set off. When last seen of him he was "pointing" for a whisky shop, undoubtedly bent still on getting rid of his bond.

Dangerously Hurt.

Yesterday morning a young married man named Michael Rice, residing on Jefferson street, Second ward, Allegheny, was fixing a wagon which belonged to him, and had occasion to use a knife in the work. He went into the house after a butcher knife, and on coming out with it in his hand, slipped on the icy steps of his house. Both his feet flew from in under him and he fell heavily on his right side. He fell in such a manner that the point of the knife entered his hip, striking the edge of the hip bone and glancing off, fortunately entering outside the bone instead of inside, the blade of the knife, which was a long one, entered the flesh the entire length, and was removed with some difficulty. Although Mr. Rice was taken up immediately, he nearly bled to death before the copious bleeding could be checked. At length a Mr. Cooper, a shoemaker residing near, succeeded in staunching the blood by means of some pieces of leather. Dr. Rhodes was summoned and attended to the injured man. He stated that if the knife had penetrated a very little further, it would have killed the patient. The same would have been the case had the knife glanced inside of the bone instead of outside. As it is, Mr. Rice is dangerously hurt, although doing as well as could be expected.

Desperate.

On Monday night a man named Patrick Campbell, came into Mayor Morrison's office in Allegheny, in a state of considerable intoxication, and commenced cutting up in a very unseemly manner. He was nabbed and lodged in the lock-up, and in the morning was fined $2 and costs. He went away, but was heard of in the afternoon acting in a most disorderly manner on Ohio street, above East Lane. Officers Scott and Campbell of the police repaired to the spot and captured the fellow again. He showed fight immediately, and became desperate in his resistance. He fought so furiously that he succeeded in hitting both the officers pretty effectually. During the fight he kicked officer Scott severely in the face. He was subjected to the "nippers" at length, and brought, still struggling, to the lock-up. Yesterday morning he was fined $5 and costs, which he paid and went.

United States District Court.

Before Hon. WILSON M'CANDLESS.

FOUND GUILTY.

The case of the United States vs. Joseph Weaver was proceeded with on Wednesday morning, the Court having met at ten o'clock. Weaver was indicted for passing a counterfeit national currency note, with intent to defraud John F. Hager, tavern-keeper in the city. The fact of his having passed the counterfeit was clearly proven, and admitted by counsel for defense. The evidence as to his having previously passed three similar notes in Birmingham, and of his having attempted to pass two others, was adduced as bearing upon the question of "guilty knowledge." General Collier most ably defended the prisoner, and his remarks on the question of identity (it being denied that Weaver was the party who "shoved" the notes in Birmingham,) were peculiarly forcible. District Attorney Carnahan represented the Government with eminent ability, arguing that a clear case of guilt had been made out. Judge M'Candless delivered a brief charge, and the jury retired to their room at one o'clock. After an absence of about an hour they returned with a verdict of "guilty." The prisoner was remanded for sentence.

HABEAS CORPUS.

J. J. Case, Esq., presented the petition of Burgratius Bellman for a writ of habeas corpus in the case of his son, John Bellman, in the county jail as a deserter from the army. The petition sets forth that the son is only sixteen years of age, and that he enlisted in August last against the will or knowledge of his father. For this reason he is believed to be unlawfully detained. The writ was allowed and made returnable on Thursday at two o'clock.

WITHOUT LICENSE.

John P. Hershey, indicted for carrying on the business of a retail dealer without license, through his counsel, B. G. Childs, Esq., but in a plea of guilty, and was sentenced to pay a fine of ten dollars and the costs.

TO BE TAKEN UP TO-DAY.

The case of Thomas Davis, indictment for passing counterfeit money, was called, but the counsel for defence being absent attending to other business, it was deferred until Thursday morning, at ten o'clock, at which time the witnesses were notified to be in attendance.

The Court then adjourned.

District Court.

Before Hon. Moses Hampton.

The case of Henry W. Herbach and others vs. James Denniston and others, action in ejectment, taken up on Thursday of last week, was concluded yesterday. It was submitted without argument. The jury retired, and returned after a short absence, having agreed upon a verdict, but the plaintiffs taking a non-suit, it was not rendered.

Court adjourned till Thursday at 9 A. M.

Court of Common Pleas.

Before Hon. Thomas Mellon.

The case of Mrs. Beaumont vs. A. Nimick & Co., continued on trial during yesterday, and was not concluded.

New Banking Firm.

Our advertising columns announce to-day a dissolution of the old and widely known banking firm of Hanna, Hart & Co., the senior partner, Joshua Hart, Esq., having practically withdrawn, for the the past two years, from the house here to the care of important interests in New York and New Jersey. The new firm of *Hart, Caughey & Co.,* organized to continue the business, embraces W. R. Hart and C. P. Caughey, of the old firm. These gentlemen have heretofore for many years, with consummate prudence, untiring industry, and signal success, managed the affairs of the old firm, and they bring to the conduct of the new firm a ripe experience and a tried integrity, which, with their habit of constant and close application to all the details of their large business, their high moral character, urbane manners, and ample capital, grave assurance of a bright and prosperous future.

The Agricultural Society.

The Board of Managers of the Allegheny County Agricultural Society held a meeting yesterday afternoon, Mr. Parke in the chair. On motion of Captain Young, the time of holding the next County Fair was fixed to commence on Tuesday, October 1st, subject to the decision of the Managers of the State Fair in regard to holding that exhibition here. A committee, consisting of Messrs. Chess, Parke, Jennings and Keeler, was appointed to confer with the Managers of the State Fair. Mr. Parke, from the committee to prepare a bill securing indemnity for damages done to the Fair Grounds during the war, reported that they had submitted the bill to the Legislature, and that subsequently another bill had been drawn up and read in place by Mr. Chadwick, and that now they must await action. Adjourned.

Medicinal.

Mary Lewis, a female not altogether unknown to the Allegheny Police Courts, was taken up drunk on Tuesday night, and lodged in a cell. She had in her possession a pint bottle of rifled whisky, which was confiscated. In the morning she indignantly demanded that bottle of stimulus, stating that she did not wish it for drinking purposes, but for external application, having a very lame hand which she bathed with the liquor. The Mayor could not see the lame hand, and the whisky was not returned to Mary; but she after promising to behave in a more reputable manner hereafter, was permitted to go.

Meeting of the Police Committee.

The annual meeting of the Police Committee of Councils, John H. Hare, Esq., Chairman, was held last evening at the Mayor's office. At the request of the committee the Mayor directed all the members of the police force to be present, and they were accordingly in attendance and placed under examination. The Committee expressed themselves highly pleased with the force as at present organized, and suggested only one or two changes which may or may not be decided on. The meeting was entirely harmonious.

Assault and Battery with Intent to Commit Murder in the First Degree.—John Nolan came before Alderman Taylor yesterday to make information against John D. Flinn and John Gribbin for aggravated assault and battery, or, as he said, for "assault and battery with intent to commit murder in the first degree." The parties were at work on Washington street and had a row. Nolan alleges that Flinn struck him in the breast with a bar of iron, and Gribbin struck at him with a pick, at the same time calling on Flinn to kill him. The parties were arrested and held to bail for a hearing to-day.

Horse Accident.—A horse attached to a wagon became frightened at a locomotive yesterday morning, in front of the Rush House, and made a sudden break to go through one of the large windows of the house. In making a sudden and complicated stop, however, the animal fell, breaking both shafts of the wagon, which was very unfortunate for the owner, but thereby preventing a valuable window from being smashed, which was very fortunate for Mr. Rush.

None the Worse for It.—Our friend, Mr. J. H. Johnston, of the Great Western Gun Works, corner of Penn and Wayne streets, has been robbed, as our readers know, but, however unfortunate that may have been for him, his customers will certainly be none the worse for it. He has just received a complete and new stock of goods, all of them of the best styles, and will sell them at even lower rates than usual. Call at the Great Western.

The Great Skating Contest.—The skating contest for the championship of the United States will be renewed to-day at Central Park. The contestants will make their appearance on the ice at half past one o'clock; and will continue until five P. M. In consequence of a general desire on the part of the public to see the conclusion of this great match the price of admission has been reduced to twenty five cents.

Beat His Wife.—John Bailey, an exceedingly drunken man, was arrested on Tuesday night, on West street, Allegheny, by the night police, while in the act of beating his wife and family in a gross manner. He was locked up, and at the hearing yesterday morning was committed for twenty-four hours.

An Old Confidence Game.

The old confindence game of the padlock, which has been lost to public view for some time past, was revived with considerable effect on Tuesday, near this city, on a train on the Pittsburgh, Fort Wayne and Chicago Railroad. One chap produced a padlock, which he offered to bet any amount could not be unlocked by any person on the train. Another chap innocently took the bet, the amount being one hundred and eighty dollars. On examining his treasury he discovered that he had not the requisite amount—in fact, he was "strapped." He was equal to the emergency, however, and started through the train to borrow the money. Incredible as it may seem, he succeeded in borrowing one hundred dollars from one man and eighty dollars from another. The attempt was made and he could not open the lock, so the money was forfeited. He got off at a station where he was "acquainted" to get the money from a "man he knew" on the platform, and has not been seen since. The man with the lock also disappeared, and the two green lenders are still creditors.

Alleged Thief Captured.

On the 19th inst., William McClelland, who was living at the Farmer's Inn, had stolen from him a suit of clothing worth forty dollars. William Green, who boarded there also, professed to have lost an overcoat, and made so much fuss about it that suspicion was excited. He left the house almost immediately, and was heard of as carrying a bundle over the Monongahela bridge. McClelland made information against him before Alderman Donaldson, who issued a warrant to deponent. The latter followed Green to Little Washington where he put the warrant into the hands of a constable and Green was captured. McClelland arrived here yesterday with the prisoner, a hearing was had and the accused held to bail for trial.

Inquest.

Alderman Butler, of the Sixth ward, was called upon yesterday morning to hold an inquest on the body of the colored man, John Doran, who was supposed to have choked to death while eating. Doran, it appears, sat down to his supper in his usual good health. Suddenly he was observed to spring back from the table, and after struggling violently for a few moments expired—all present believing he had choked to death. Drs. McNary and Umbstaetter were called by the Alderman yesterday morning, and, after a careful examination, expressed it as their opinion that the deceased had died of heart disease, and the jury rendered a verdict accordingly. The deceased was a single man, about forty-two years of age, and boarded at No. 88 Centre avenue, Seventh ward.

To Property Owners.

The select Committee of Councils calls the attention of the property owners and citizens of Pittsburgh to the following resolution adopted at their last meeting, Jan. 26, 1867.

Resolved, That the citizens and property owners of Pittsburgh, desirous of having the streets in front of their respective property graded, paved and set with curb stone are invited to present their petitions to Councils *before the 1st day of April;* 1867, as all petitions presented after that date will necessarily be laid over until the following year.

Almost Lost.

Breach of Promise.—A young man, twenty-one years of age, connected with one of the railroad offices of the city, was before Alderman Lynch, yesterday, on a charge of breach of promise of marriage, preferred by a young lady of sixteen. It seems that the young man boarded at the house of the plaintiff's mother, and made love to the daughter, binding himself to marry her. He refused, and hence the suit. The hearing resulted in the defendant's being held for court. He could not raise the bail and a commitment was made out against him. He could endure anything rather than being lodged in jail, so he promised to marry the girl straightway. Accordingly the preliminaries were settled, and the couple were married then and there.

A Disorderly Customer.—On Monday night, at a late hour, two men, named Wm. Minenger and Christ. Myers, went to Hinkle's saloon, kept by a blind man, on First street, Allegheny. They were already drunk, and demanded drinks, which were refused. They made some disorderly demonstrations, and on going outside one of them hurled a large boulder through the window of the saloon, smashing glass and sash. Margaret Hinkle, wife of the saloon keeper, made information before Mayor Morrison, on Tuesday, charging Minenger and Myers with malicious mischief. They were arrested yesterday by the police and held for a further hearing.

The "Southern Press" at the Central Park.—For the past two days a "so-called" reporter for one of the Southern papers has been making quite a stir among the officials at the Central Park, by his dashing ways, and his Grand Seigneur manner of obtaining items respecting the great contest. We were proffered an introduction to the gentle youth yesterday, but it was rendered unnecessary, by the fact that we have met him every day for the past year in the streets of Pittsburgh.

Another Attempt.—Another attempt, fortunately unsuccessful, was made at an early hour last night, to rob the cutlery store of Wm. N. Ogden, Esq., in the *Dispatch* building. Another door opening out of the hall was partially forced open, but not far enough to admit any person. Probably the thieves were disturbed and frightened away again.

Appointed.—The office of additional market constable has been created by the Market Committee, and yesterday officer John Moessner, of the Independent Police, was appointed to the position. Officer Moessner will commence his duties on February 1st. He is an efficient and thorough officer, and will render satisfactory service.

Picked Up.—On Tuesday night a man John Oliver was picked up in a state of dead drunkenness at the corner of Ohio street and the Diamond, Allegheny, by the night watch. It was a timely rescue from freezing, for which yesterday morning he paid the customary fine and costs exacted of drunken men.

Paine & Co's Argentine.—For instantly plating all articles of copper, brass or German silver, with pure silver, where worn off, and for cleansing and polishing silver or silver-plated ware. Warranted to contain no quicksilver or acid, or any injurious article. For sale by J. Sample, Allegheny, and all druggists. dels:tf

Allegheny Vags.—On Tuesday morning three of Allegheny female citizens, Belle Kelly, Ann Kelly and Agnes Warner, having no place to put themselves, were committed to jail for twenty days each, by Mayor Morrison, on a charge of vagrancy.

Fearful.—We learn that one night last week a family, consisting of five persons, residing at Summit, in Cambria county, were all frozen to death. We could not learn their names, or the particulars of the dreadful case.

Death of Wm. Baum, Esq.—William Baum, Esq., an old citizen of this place, died suddenly yesterday. Deceased was about sixty-eight years of age.

Sad.—Three of the once promising local editors of this city were taken to the Poor House on Tuesday—they were in search of an item.

ja12 COLUMBUS COLEMAN.

The Pittsburgh Gazette

THURSDAY, JANUARY 31, 1867.

THE York *Republican* proposes Mr. JOHN J. PIERSON, of Dauphin county, as the Republican candidate for Supreme Judge, to take the place of Mr. WOODWARD.

RECENTLY, in Boston, Mr. Simon S. Barry, a Jew, was sued for Sabbath breaking, in keeping his segar store open for business on that day. The Court held that as he had kept the Jewish Sabbath he was not amenable for trading on the Christian one. This goes a step further than any decision previously made, but will be sustained by most men who have considered the full import of religious liberty.

THE PEOPLE of Philadelphia are resolved to exclude railroad trains, moved by steam power, from the paved streets of the city. The matter has been brought before the Legislature, and a committee appointed to examine and report. This committee is said to be in favor of the exclusion. Meantime the newspapers are reviving an old scheme for securing the terminus of the Pennsylvania Railroad on the Delaware river, by means of a tunnel extending from some distance west of the right bank of the Schuylkill, all the way through the city.

AN ABANDONMENT.

Last summer, after many months spent in preliminary negotiations, the Democrats and Conservatives entered into a mutual engagement thenceforward to act in concert. To celebrate and give effect to this conjunction, a grand National Convention was held at Philadelphia, at which vows were interchanged, plans matured, and purposes of unchanging fellowship and co-operation solemnly put on record. High expectations were formed, by both the contracting parties, of advantages to be derived from the arrangement. Indeed, to superficial observation, the prospect, for a time, was flattering. If politicians, as a body, had proved to be as mercenary and corrupt as some good people suppose them to be, nothing could have prevented as signal an accomplishment as can be found in the whole history of political combinations. The President had an almost innumerable list of appointments and contracts at his disposal, suited to all tastes, capacities, and aspirations, and he made no concealment as to the conditions on which he would dispense them. But, alas!

> "The best laid plans of mice and men
> Oft gang aglee."

This coalition, that seemed unprecedentedly lusty and formidable, withered before it blossomed. When the time for yielding fruit arrived, it was dead as an Egyptian mummy three thousand years old.

At a recent meeting of the Democratic National Committee, called to consider the present condition and future probabilities of that branch of the coalition, the Chairman expressed himself with commendable plainness of speech on a single point, at least. He said:

> "For reasons which it is not difficult to understand, the Philadelphia movement failed to achieve that success which it at first promised, and which promises seemed sufficient to justify the experiment then made. We do not believe it expedient to repeat that effort under existing circumstances, in the next great battle. *This fall the Democratic party must march under its own colors.*"

From this it is fair to infer the Democrats are resolved upon abandoning the Conservatives, hoping to do better without such auxiliaries than with them. It is difficult to see how worse results can attend any movement than the coalition experienced at the last elections. The Democrats, on their part, have the consolation of knowing they are just about as near the bottom as they can get. Perhaps they derive a sort of dismal comfort from the fact, that

> "When things are at the worst,
> They sometimes mend."

But, they have endeavored, both alone and in coalition, to counteract the patriotic impulses and determinations of the nation. How can they expect to do better single-handed, next year, than in past conflicts, when they were easily overpowered? Are they inspired by

> "Immortal hate
> And courage never to submit or yield?"

If so, we do not object; though we cannot help thinking they will be putting much excellent pluck to profitless use.

Under this abandonment, what do the Conservatives mean to do? How they can redress any grievances they may feel in consequence of this forcible divorcement we do not perceive. Nor yet do we see what real cause they have of complaint. Upon an unprejudiced review of all the facts we are constrained to adopt the conclusion that they fulfilled none of the terms on which the coalition was formed. They brought no appreciable accession either of influence or dignity; scarcely of numbers. Perhaps, by the odium attached to them, they drove as many men out of the Opposition as they took into it. Certainly they monopolized the larger share of the gifts of the President had it in his heart and hand to distribute. On every ground, therefore, we believe the Democrats are not unwise in repudiating an arrangement into which they entered, upon deceitful promises, which have notoriously perished.

This public abandonment happens simultaneously with another development, showing how the Conservatives are estimated in different quarters. The Senate confirm a good many of the Democrats nominated by the President; very few of the Conservatives. A feeling seems to be growing all round that there is a contamination in the touch of Conservatives. Like lepers of old, they are in danger of being thrust forth from all parties as unclean.

LEGISLATIVE REFORM.

The York *Republican* maintains that "since 1861, when the State was deprived of an actual debt then due to her of three quarters of a million, and of an annual revenue which would, since then, have averaged half a million yearly, under the name of Commutation of Tonnage, the same process of *commutation* has proceeded in the dissipation of revenues, until prodigality and extravagance have thrown off all limitation and restraint." But, it fails to discover a remedy for the prevailing corruption in the enlargement of the representative bodies. It looks either

> "To organizing efficient associations to elect only such men to the Legislature as shall not only be pledged specifically to the removal of all these evils, but whose own established characters shall be the safest guarantees of their fidelity."

Alluding to the accession of the editor of the Chambersburg *Repository* to the advocates of reform, it expresses great "gratification at finding of Saul among the prophets."

DEATH OF JUDGE ELDRED.

The Hon. NATHANIEL B. ELDRED died at his residence in Bethany, Wayne county, Pa., on the 27th instant, nearly 70 years of age. Born in New York, he came into this State in early life, and has ever since resided here. Not a man of uncommon abilities nor of unusual industry, he had a large share of readiness and tact, and so great a measure of geniality and kindness as to render him highly popular.

Many years ago, he was a member of the Legislature; if we mistake not, of both branches thereof. Afterwards served as a member of the Canal Board. Something later he was appointed President Judge of the Clearfield district, and served with decided acceptance for a number of years. Afterwards he was transferred to the Dauphin district, and presided over the Courts of that important district for a very considerable space. The Wayne district becoming vacant, during the administration of Governor JOHNSTON, an arrangement was made under which Mr. ELDRED was transferred to it, and Judge PIERSON made his successor at Harrisburg. The last public place he occupied was that of Naval Officer at Philadelphia. In all these trusts his conduct was uniformly characterized by intelligence and probity. Always a Democrat, of the straitest sect, he never allowed political considerations to mar his social relations. Liberal to a fault and thoroughly honest, he has left to his son and daughters the legacy of a fragrant memory.

OUR REPRESENTATIVES ABROAD.

Under a call from the Senate the State Department has transmitted to that body a correspondence between the Secretary of State and Mr. MOTLEY, American Minister to Austria. From these documents the cause for the withdrawal of Mr. MOTLEY and the nomination of Mr. COWAN as his successor, is manifest.

It appears certain gentlemen, citizens of this country, but journeying in Europe, were offended by the freedom with which Mr. MOTLEY expressed his opposition to the reconstruction policy of the President, and dislike of the official character and conduct of Mr. SEWARD. These gentlemen lost no time in sending a report to Washington, detailing conversations, and setting forth aggravations. Mr. SEWARD was equally prompt in demanding an explanation. Mr. MOTLEY acknowledged that he did not approve the President's scheme, and had freely expressed himself to that effect; but denied ever having made uncourteous allusions to the President or the Chief of the State Department. The correspondence was so sharp that Mr. MOTLEY tendered his resignation, thus creating a vacancy, into which the President would be glad to put Mr. COWAN.

But more than this is developed in the correspondence thus submitted. Mr. MOTLEY does not stand alone, among the foreign Ministers, as unfriendly to the President's Reconstruction Policy. The same impeachment is brought against all the Ministers at European Courts. It is made a complaint against the whole of them that they stand with Congress and the loyal masses of the American people in thinking that such guarantees ought to be exacted from the revolted States as will give assurance of safety for time to come. This explains why a general change is to be made.

THE GERMANS, as a class, have never been credited with very high or strict ideas upon the religious observance of the Sabbath. Why they have been looked upon as those willing that the day should be desecrated we know not, except that the great masses were judged by the trifling minority. Even here, the Germans suffer in the estimation of their religious neighbors upon this very question. All are judged from the few who, in summer time, while away their Sundays in the beer gardens adjacent to the city. It is unjust to condemn all because a part offend, and we are prepared to grant to the Germans as fair a position upon the Sunday question as any correspondingly large portion of the population. But the Teutons of New York have removed effectually the imputation of Sabbath desecration which has been made against their race. In mass meeting at Cooper Institute, held recently, they openly and bravely spoke out in opposition to the desecration of the Lord's day, and in favor of the rigid enforcement of the Excise law. They declared that, inasmuch as they were enjoying all the rights and privileges of freemen, it was their sacred duty to uphold and sustain the law which prevents the profanation of a day which has been so sacredly observed since the earliest settlement of our country. Besides, they argue that the "national custom of a Christian observance of Sunday has exerted a powerful influence in framing the political, moral and religious character of the nation, and without which our political and religious freedom would soon degenerate into licentiousness and anarchy." They declare that they recognize Sunday "as one of the most important and beneficent institutions of a Christian country, which lies at the base of a public worship, domestic happiness, private virtue, and national freedom and prosperity."

THE current number of the Army and Navy *Journal* pays a just tribute to the memory of Lieut. Col. William J. Fetterman, who was among the victims of the late horrible Indian massacre at Fort Phillip Kearney, Dakotah. Capt. Fetterman was well and favorably known here, where many of his relatives now reside, and his loss is deeply felt throughout the entire country. He entered into the Regular Army in 1861, and rapidly rose from the ranks, his courage, valor and intrepidity of character gaining for him reputation and distinction. He was in all the important battles, sieges and skirmishes which took place during the rebellion in which the gallant army of the Tennessee figured so nobly. The possessor of a brave heart, sound judgment and many kind and noble impulses, he was beloved as a man, admired and cherished as a friend, and distinguished as a soldier and commander.

THE United States Supreme Court has just decided that neither a license under the act of 1864, nor a special tax under the act of 1866, confers upon the party licensed, or who pays the tax, authority to carry on the liquor traffic contrary to the laws of a State. The same rule applies to the sale of lottery tickets. The Federal tax imposed upon such dealers does not do away with the law which forbids their sale, in certain States.

MR. WARREN ACHERMAN, of a Dutch Reformed Church of New York, has just paid $56,000 as a donation to the Board of Foreign Missions. Such liberality is worth of record.

WHILE the thermometer was among the twenties here, the other day, it recorded 67 degree above zero at Nashville.

THE total wool supply of the four years of war, ending June 30th, 1865, was about 800,000,000 pounds, of which 300,000,000 were produced in this country, 279,000,000 imported, and an equivalent of 220,000,000 introduced as manufactured woolens. These figures, furnished by Mr. DODGE, Statistician to the Agricultural Department, differs with the estimate made in the recent official revenue report. The actual consumption of the loyal States during the war was 7 pounds *per capita*, instead of 4½ pounds prior to the war, showing an increase of 55 per cent. from the waste of war and scarcity of cotton.

A DELEGATION of Indians numbering sixty-eight, and representing seventeen different tribes, are in Washington to have a conference with the President. Their object is to make a treaty for the disposal of their reservations in Kansas and Nebraska.

IT is thought the President will not veto the Niagara Ship Canal bill, as he has never expressed himself against the proposed measure.

FIFTEEN YEARS AGO, HOSTETTER'S STOMACH BITTERS was struggling into notice against the prejudices which everything new, however excellent, is doomed to encounter. TO DAY it stands at the head of all the tonic and alterative preparations in existence. Its celebrity has evoked many imitations but NO RIVALS. Physicians pronounce it the only SAFE STIMULANT that has ever been introduced into the sick chamber. In the Hospitals of the Army and Navy, the surgeons find it the very best tonic for convalescents, and report it as invaluable for sustaining the vigor of troops on the march, as a remedy for scurvy and all scorbutic affections, and as the only specific for sea sickness. California and Australia have emphatically endorsed it as the MINER'S MEDICINE par excellence, and in Spanish America and all the tropical climates, it is considered the only reliable antidote to epidemic fever.

There is no mystery about the causes of its success. It is the only stomachic and alterative in which are combined the grand requisites of a mild, pure and unvitiated vegetable stimulant, with the finest selection of tonic, anti-bilious, anti-scorbutic, aperient, and depurative herbs, plants, roots, and barks that have ever been intermixed in a medicinal preparation.

It is also proper to state that the Bitters are sold exclusively in glass, and never, under any circumstances, by the gallon or the barrel. Impostors and imitators are abroad, and the only safeguard the public has against them is to see that the Bitters they buy bear the engraved label and note of hand of Messrs. Hostetter & Smith, and the Government stamp over the cork of the bottle.

TO CAPITALISTS.
Lucrative Business in
Pittsburgh For Sale.

THE UNDERSIGNED OFFERS for sale and immediate transfer the Lease, Fixtures, Good Will and Stock of one of the leading houses in the West combining two separate branches of business, either of which can be carried on independent of the other; one a very large cash retail business almost without a limit; the other a specialty, with but one competitor, and capable of being very largely extended, and in which no capital is required.

The profits of the business for 1866 were $43,000, and it is comparatively in its infancy, being thoroughly legitimate, and requiring but energy and attention, it is to the man of capital at once a rare and special chance.

Satisfactory reasons given for disposing of the same, and full particulars given in detail.

The Assistant District Attorney.

The House of Representatives has passed the bill "creating the office and defining the duties of Assistant District Attorney for the county of Allegheny. We presume there is no doubt but that the bill will pass the Senate, and become a law. We subjoin a synopsis of its provisions as it passed the House:

The first section provides, That upon the passage of this act the Governor shall appoint and commission a suitable person residing in Allegheny county, learned in the law, to act as Assistant District Attorney, until a successor shall be chosen in the manner provided for in the bill.

Section two provides that the Assistant District Attorney first commissioned shall hold his office until the expiration of the term of the present District Attorney of the county, and the voters thereof shall at the general election in October, 1868, and every three years thereafter, elect an Assistant District Attorney to serve for three years at the same time and in the same manner as is provided by law for the election of a District Attorney.

Section three provides that the Assistant District Attorney shall subscribe to the same oath of office now required to be taken by the District Attorney, and shall be subject to removal for like causes and in like manner.

Section four declares that the fees of the Assistant District Attorney shall be taxed and allowed out of the fees, as now allowed by law to the District Attorney of the county, two-thirds of all fees, costs, and allowances in each and every case, action and proceeding whatsoever, to be taxed for the use of the District Attorney, and the remaining one-third thereof to be taxed, allowed and collected for the separate use and benefit of the Assistant District Attorney.

Section five provides, It shall be the duty of the Assistant District Attorney to attend to all preliminary hearings in criminal cases, arising in said county when the public interest may require; to prepare all bills of indictment for offences cognizable in the courts having jurisdiction thereof within said county; and to submit the same to the Grand Jury, with the Commonwealth testimony and to affix to said bill of indictment the name of the District Attorney, *Provided*, That nothing herein contained shall interfere with the right of the District Attorney to prefer a bill of indictment, *ex officio*, as heretofore, when proper occasion may arise.

Section sixth repeals all laws and parts of laws inconsistent with this act.

Allegheny Soldiers' League.

A regular meeting of the Soldiers' League of Allegheny, was held at their Hall, on Water street, Tuesday evening. The committee appointed to petition Councils for material aid in establishing the proposed Library and Reading Room, reported that Mr. John A. Myler, member of Select Council, from the Fourth ward, had offered a resolution in the Select Branch, at their meeting on Monday evening last, authorizing the Finance Committee to appropriate five hundred dollars to that object, which, after an exciting discussion, was lost, but two members voting in the affirmative. The report of the committee was received, and the committee continued. The thanks of the League were tendered to Mr. Myler, for his advocacy of the interests of the soldiers. A committee of three consisting of President Callow, John G. Brown and Joseph R. Oxley, was appointed to prepare an application for charter, to be submitted to the Legislature. A committee, consisting of Messrs. Oxley, Lyon, McHardy, Brown and McElwain, was appointed to have the new hall furnished and put in proper order for the meetings of the League, and also to have cases put up for the reception of books. The Chair announced that hereafter all meetings of the League would be held at their new hall in the second story of the Malta House, Federal street, below the railroad depot. The League adjourned until Tuesday evening next, February 5th.

A Building Association.

An association of builders is of great utility to a city. Springfield, Ohio, is mainly indebted to a building association for the number and extent of fine residences erected there during the ten years last past. A building association, with a capital of $300,000, has been organized in Milwaukee, for the object of erecting small dwelling-houses during the next spring and summer for the workingmen of the city. They propose to erect some three or four hundred. Such an association, aside from making a profitable investment, supplies a public want, and improves the architecture of the city. An association, too, where they make it a business, can put up buildings at a less cost than individuals. In no city of the Union is there greater need than in Pittsburgh for small, well constructed dwelling houses, for the laboring classes, and the man or association of men who would push forward the construction of one or two hundred such dwellings this spring would be true benefactors to the poorer classes, who now suffer by exorbitant rents and ill constructed dwellings.

Soliciting Passengers.

A bill has passed the House of Representatives, of this State, and will undoubtedly pass the Senate and become a law, relating to soliciting passengers in Allegheny county. The first section declares that it will be unlawful for any person to solicit passengers in Allegheny county for railroad companies or steamboats, without first having obtained a license for so doing from the treasurer of Allegheny county, for which license he or she or they shall pay to the treasurer fifty dollars per annum, for the use of the county, and two dollars additional for issuing the same as a fee. The second section imposes a penalty of not less than twenty-five, nor more than fifty dollars, for every violation of the act, and in default of payment, a term of imprisonment in the county jail not less than ten nor more than thirty days.

Common Scold.

In the Criminal Court of Northampton county, in this State, last week, came off a case against Elonora Mohn, accused of being a common scold. This was brought into court at the November sessions, 1865, when the indictment was quashed for certain reasons—one of which was that the offence was not indictable. The case was taken to the Supreme Court, when it decided that the offence was indictable, and hence this prosecution. The defendant is quite a good looking young lady, and does not strike one as being of that temperament which would constitute a person who is guilty of being a common scold. The scandal lovers were disappointed in their expectations of a treat growing out of the trial, for the District Attorney entered a *nolle. pros.* when the case was called up.

Schools in East Birmingham.

A bill has passed one branch of the Legislature, and will be passed by the other, authorizing the School Directors of the borough of East Birmingham, to borrow money for the purpose of erecting and building school houses in said district, and issue bonds therefor, to be executed by the president and secretary of the board of directors, upon the said board by resolution or resolutions spread upon their minutes, directing them so to do, in sums not less than one hundred dollars each, at a rate of interest not to exceed eight per centum per annum; *Provided* That the whole sum thus borrowed shall not exceed twenty-five thousand dollars.

Sons of Temperance.—At a meeting of the M'Gaw Lodge, No. 169, of Good Templars, held at their Hall Temperanceville, last evening, the following officers were elected for the ensuing term:

W. C. T.—T. W. Jones; W. V. T.—Miss Nannie A. M'Cormick; W. S.—Miss Alice Able; W. A. S.—Albert Graham; W. T.—J. S. Miller; W. T. S.—Homer L. M'Gaw; J. G.—Miss Jennie French; O. G.—Robert Woods; W. C.—Rev. J. E. M'Gaw; W. M.—J. Smith; W. R. H. S.—Miss Mary Jones; W. L. H. S.—Miss Rebecca Bryant; W. D. M.—Miss Cassie Reed.

Successful Deer Hunters.—The Warren *Ledger* says: This winter, up to January 1st, has been the most prolific for deer hunters of any in many years. There have been not far from five hundred shot by persons centering in and around Warren, McKean, Elk and Forest counties. Taking all that have been killed in these counties, with depots at Warren, Ridgeway, Kane and Wilcox, and we have no doubt the number will reach one thousand. Charley Jones, of Kane, has killed sixty.

The St. Louis Convention.—The President of the Pittsburgh Board of Trade has appointed thirty-two gentlemen to attend the Convention at St. Louis on February 11th. The delegation will leave this city February 9th, remaining in Cincinnati over Sunday. A meeting of the Committee will be held Thursday afternoon, January 31st, at three o'clock, at the Board of Trade Rooms, to perfect arrangements.

Odd-Fellows Anniversary.—Hon. J. R. Sanders, Grand Sire of the Grand Lodge of the United States of Odd-Fellows, has appointed April 26th as a general day of thanksgiving in the Order, for the return of peace, with the links of the Order unbroken, and for general prosperity. It is also the anniversary of the establishment of the Order in this country.

Calling Mr. Jones a Horse Thief.—The editor of the Meadville *Republican* has been prosecuted for publishing an item stating that a Mr. Jones was a horse thief. The item went the rounds of the papers and Mr. Jones threatens to put them all through.

Bishop of Erie.—The Erie *Dispatch* says that Father Coady, of that place, Vicar General, is a candidate for the Bishopric of Erie, made vacant by the death of the late Bishop Young, and that the Catholics of that city would approve such a selection.

Soldiers Monument.—The gentlemen of the Resident Military Committee and others interested, will meet this morning at City Hall, at 10 o'clock, for the purpose of forming a committee to act in co-operation with the Ladies' Committee.

The Hon. Thaddeus Stevens has been elected President of the Shiffler Engine Company, of Lancaster, in this State. This new appointment will fairly test Mr. Stevens' ability to run two "machines" at the same time.

Costly Hotel at Erie.—The Reed House of Erie, will be opened in the spring and will have cost $300,000.

A Ball Room Death.

We take the following from a letter written from a neighboring city.

A very charming and accomplished young lady, the wife of Ernest von Teschenberg, the editor of the *Wiener Zeitung*, was leaving the supper room with her husband, intending to return home. While crossing the ball-room, where a brilliant waltz was being played, a friend asked her to take a single turn round the room. The temptation was too great to be resisted, so consigning her *burnous* to her husband, she joined the dancers and was whirled off with great rapidity by her partner. She had scarcely got half round the huge circle when she fell from his arms, as though struck by a thunderbolt, dead. They raised her from the ground gently, and carried her into another room. A dozen doctors were in attendance, and every expedient that science could suggest was tried to restore consciousness to the fair young form lying so strangely still in its gay *toilette*. All was in vain. She was dead. A smile upon her lips, flowers in her hair. Of the scene I cannot convey an idea; such agony as that I witnessed on Sunday morning in the robing room of the Gartenbaugesellschaft is too dreadful to recall—too sacred to describe. The gay groups melted away in a breathless, horror-stricken hurry; within a few minutes the spacious ball room was silent and empty; of all the "Hesperus" members and their guests, none but a handful of mourners remained behind to watch over that which half an hour before had been a happy wife and mother.

I have now witnessed three sudden deaths in ball rooms—the first two were, if possible, more terrible than the last. In the first case, a lovely girl was shot through the heart by the man she was engaged to; in the second, the belle of the ball was burnt to death before her garments, which had caught fire whilst she was being whisked past the open fire place, could be torn off. But the tragical episode of yesterday morning is rendered more melancholy than either by the remembrance that two little children, the eldest not three years old, are left motherless by the consequences of a waltz!

Freddy Again.—Freddy Delhi, of Allegheny, has got his name on Mayor Morrison's docket and the Jail calendar again. On Tuesday morning Freddy became disgusted with being where he had to take care of himself, and being discouraged at the prospect, commenced to cut up in a very disorderly manner near Mayor Morrison's office. Officer Campbell arrested the chap, and Freddy was committed by his Honor for thirty days, on a charge of vagrancy and disorderly conduct. This was what Freddy wanted, and of course he is satisfied.

Rebecca Street Railway.—The travel on the lower or Rebecca street route of the Pittsburgh, Allegheny Manchester Passenger Railway, has so increased as to necessitate the addition of some more cars. The number of cars now running on that route is four, which will be removed and replaced by eight new and elegant cars, double the present number, and which will be of the same style as those now used on the proper Manchester and Troy Hill routes.

Put Out and Taken In.—Wm. Rodenbaugh was observed by the night police, of Allegheny, on East Lane, very drunk, and being persistently put out of one saloon after another in the neighborhood. He was apprehended, locked up, and at the hearing yesterday was committed to jail for twenty-four hours.

MY POLITICAL PLATFORM.

Kind friends and patrons all, I ask your close attention,
I have a stock of Boots on hand, thousands of different sizes,
Which I can well afford to sell at the very lowest prices.
A lot of Boots and Shoes, of French and German leather,
Which none would be afraid to wear, in coldest winter weather.
My Ladies' Boots are of the best, it really is surprising,
That I can sell so very cheap, while prices still are rising.
My stock is of the very best the trade did ever produce,
My Shoes are far the cheapest since the prices I did reduce.
Then seek your own advantage and come to me and buy,
And when my stock is all sold out I'll get a fresh supply,
Since money is so plenty now, and greenbacks in good credit,
Do come and buy some bran new Shoes, you never will regret it.
Cold winter now is at the door, when the old year has ended,
And if your shoes have sprung a leak, do come and get them mended.
Then call at the popular Shoe Palace Emporium,

A Clergyman, while residing in South America as a missionary, discovered a safe and simple remedy for the Cure of Nervous Weakness, Early Decay, Diseases of the Urinary and Seminal Organs, and the whole train of disorders brought on by baneful and vicious habits. FINANCE AND TRADE,

OFFICE OF THE PITTSBURGH GAZETTE, }
WEDNESDAY, Jan. 30, 1867. }

The New York stock quotations to-day, as reported by Robinson, McClean & Co., were as follows: Gold, 135¼@136; Eighty-one bonds, 107¾; Five Twenties, old 107; Five Twenties, '65, 105¾; Five Twenties, new, 104⅛; Seven Thirties, 104⅜; Cleveland& Pittsburgh, 77⅜; Pittsburgh, Fort Wayne & Chicago, 95⅜; Erie, 55⅜; Michigan Southern, 70⅜; Chicago and North Western, 35⅞; Chicago and North Western preferred, 61⅞; Chicago and Rock Island, 94; Western Union Telegraph Co., 45⅛.

—The depression in the New York stock market has worked severely on those who have held stoutly for a recovery, and we regret to announce that it caused the suspension on Saturday of the stock commission house of Messrs. Keys & Bro. in this city. The firm had a large capital in their business, and expect when matters are cleared up to have a surplus on which to resume business. It is proper to say that the rumors floating about in this connection prejudicial to the standing of their correspondents in New York, Messrs. Mowry, Keys & Bend, are wholly without foundation. We are able to say that this firm is not injuriously affected by the disaster to the party here, both on the authority of Mr. Keys, of Keys & Bro. here, and on the authority of a telegram from Mr. Mowry, of Mowry, Keys & Bend, to a party here, and also to say that that the rumor that the New York firm took any unfair advantage of the firm here is entirely groundless. They have acted in good understanding, and each firm on its own foundation.

We regret to say also that the banking firm of Geo. C. Glass & Co. found it necessary to-day, to make an assignment to Mr. Edgar M. Johnston. The liabilities of the house are light, and will affect but few persons. A full statment of it condition will be presented as soon as it can be made up.—*Cin. Commercial, 29th.*

—The tinkering proposed by Congress in the form of new interest bearing notes, to take the place of maturing compound notes, is a waste of time. The proposition is made in the interest of the inflationists, and is wholly uncalled for by the condition of the Treasury, or from any deficiency in existing laws governing the Secretary. If he is not able to cancel the compounds, or to fund them at maturity, he has ample power to pay in notes free of interest, or bearing interest, as he may deem expedient. If he cannot cancel or fund them, it is his duty to exchange them for some kind of notes not legal-tender, and not capable of use as circulation. The bank statement shows a contraction of $3,357,420 in loans, and a reduction of $3,248,000 in deposits. The movement is a good one for the banks, but the reverse for their debtors.—*New York Tribune.*

—The political trouble apprehended a week or two ago from Mr. Ashley's impeachment movement is not so serious, and we believe the probabilities daily increase that there will be no change or disturbance of the currency, and no alteration in the funding of the public debt from the present authority and practice under the acts of March 3, 1865, and April 12, 1866. The former makes no reference to the funding or withdrawal of greenbacks bearing no interest, while the latter places no more than $4,000,000 per month after the 12th of October last, in the discretion of the Secretary of the Treasury, being but one per cent on the original four hundred millions issued, and of which $380,497,842 was outstanding on the 1st of January, instant. This discretion will probably be contioued as it is, and also his standing authority to renew or extend any portion of the $144,900,840 of compound legal-tender notes, as they fall due in all the fourteen months succeeding the 15th of June next, to avoid undue competition in funding the Seven-Thirty per cents, and to provide against any embarrassment to the national banks of the large cities, which hold about one-third of this issue as part of their reserve of 25 per cent required to be held against their deposits.—*Phila. Press.*

—A Washington telegram says:

"It now looks as though the efforts to reduce the tax on whisky would be ineffectual."

In whisky circles it is said that too many of the members of Congress are interested in the illicit distillation of highwines to allow any reduction of the tax. We do not vouch for the truth of this allegation, but as every member of Congress must know that the Government is obtaining no revenue from the present tax, it is evident that there must be some reason, which has not yet been made public, for the unwillingness of our legislators to take such action on the matter as will protect both Government and the honest manufacturer.—*Chicago Tribune.*

PITTSBURGH MARKETS.

OFFICE OF THE PITTSBURGH GAZETTE, }
WEDNESDAY, January 30, 1867. }

The produce markets present no new characteristics worthy of special notice. There is no improvement to note in the demand for any of the leading commodities, and as the operations are generally of a retail jobbing character, it is difficult to give reliable quotations, though with the exception of such articles as are effected by the fluctuations in gold, values have undergone little or no change for some time past.

GRAIN—Wheat is dull—sale of 1 car on private terms. Oats dull but unchanged. Small sales in store at 50 to 52. Corn is quiet and unchanged; small sales, in store, at 75 to 80. No transactions in Rye. Sale of 1 car Barley on private terms. The former is quoted at $1,20 for prime Ohio and Penna. and the latter at 90 for No. 1 Spring.

FLOUR—Is quiet and dull but unchanged. We continue to quote at $12.25 to 12,50 for standard Spring Wheat brands; $13,50 to 14,50 for Winter Wheat; and $16 to $17,00 for fancy St. Louis brands. Rye Flour is still quoted at $7,75 to $8,00 per bbl, and Buckwheat at $3,50 to $3,75 per cwt.

PROVISIONS—Bacon is quiet and unchanged—small sales at 12 for Shoulders; 16½ to 17 for Sugar Cured Hams. Lard is selling at 12½ to 13 for kettle rendered. No movement in Bulk Meat or Mess Pork. Dressed Hogs selling at 7½ to 8—arrivals comparatively light.

SEEDS—Flaxseed is in demand at $2,62 to $2,65, and but little offering. Sale of 10 bbls Timothy Seed at $3¾. Clover Seed is quoted at $8 to 8,50.

BUTTER—There is a fair demand for prime Roll Butter, and we can report small sales at 30 to 33.

EGGS—Fresh packed in fair demand and none in market—would command 38 to 40.

HAY—Is in better demand, and prime baled may be quoted at $25 to $26, on track. Sale of 1 car, part at $23 and part at $25. Arrivals continue comparatively light.

APPLES—In steady local demand, and we can report sales, in store, at $3,50 to $4,50 per bbl, as to quality.

POTATOES—Quiet and unchanged; small sales of prime Peach Blows in store at 90.

PITTSBURGH PETROLEUM MARKET

OFFICE OF THE PITTSBURGH GAZETTE, }
WEDNESDAY, January 30, 1867. }

[illegible]UDE—There is really but little that is new to be said about the Crude Petroleum spot, at 7 to 7¼, packages returned, and 12 market. Small sales of Smith's Ferry, on the to 12¼, packages included. There is considerable said about Venango oil, for spring delivery, and a good deal of "dickering" going on, but buyers and sellers are apart, and the result is we have but few transactions to report. We hear of offers to sell at 9, and offers to buy at 8½ to 8¾, and we have a sale of three thousand barrels reported at the first named figure, 9. The crude men allege that they cannot, without losing money, contract at anything less than nine cents, while refiners aver, that taking the price of refined as a basis, they ought not to pay more than 8.

REFINED—There was not a single operation in bonded oil to-day that we could hear of, and while the market is dull and neglected, prices are nominally unchanged. For immediate delivery, quotations may be fairly given at 22c, free on board cars here, and 28 delivered in Philadelphia—30½ for March; 31 for April; 32 for May; 33 for June, and 34 for July. Thus far, this week, there has not been a single sale effected, something remarkable, as it has been some time since three days have been allowed to roll away without a single transaction having been consummated. For free oil, the inquiry is very limited, being restricted entirely to suppiying the wants of the retail or jobbing trade.

ARRIVALS—The following arrivals of oil were reported to-day.

RIVER NEWS.

The weather was about as cold as usual yesterday, and the prospects for a "thaw" are by no means flattering. We hear of no more attempts to blow up the ice in the Allegheny—we guess the parties engaged in that enterprise found it "too big a thing." The only thing that will move the ice will be mild weather with warm rains, and when it does move it will go with a vengence, and take everything before it.

The formation of a line of packets between here and St. Louis, has at last been consumated, and will go into operation immediately upon the resumption of navigation. Capt. C. L. Brennan, a very energetic and popular steamboatmen, has been selected as Superintendent of the new line, and a regular board of directors, composed of old and well-known steamboat Captains, has been elected.

Says the Louisville *Courier*, of Monday: The river at the head of the falls had the appearance of being on fire yesterday, presenting the very singular spectacle of a dense black smoke, and occasional flames pouring out apparently from the midst of a huge mass of ice that had lodged on the falls, just along the edge of the back bone. The smoke and fire were there, and several who first saw it were of the opinion that a volcano had suddenly burst forth in mid river, at the head of the falls; but upon investigation, it was ascertained to be one of the unfortunate barges of coal that had stranded on the falls some time ago. Some person or persons had fired the coal, probably thinking that as they could not save, they might destroy it. It was wanton destruction, if not a malicious act.

Captain Chenoweth has had a hard time of it, fighting the ice and the bad weather with the Darling ever since Saturday week. He has persevered, contending with the elements, and finally, yesterday, concluded to remove another hundred tons of his freight and go to Portland with his boat, and quietly await the turn of events. He had previously lightened the boat of some three hundred tons, which was taken by the Tempest, in order to get over the falls, but the river was falling about as fast as he could lighten, and the canal chute was impracticable, being close held by ice chains eight inches thick; and of course no boat could take that chute.

The Darling was at the foot of Fourth street yesterday, where she discharged one hundred tons, which will be hauled to her at Portland to-day by drays.

The Western and Southern Engineers Benevolent Association at their last meeting adopted the following in reference to new inventions, improvements, &c.:

Resolved, That the public be notified through the press that the W. & S. Engineers' Association have a committee, whose duty it is to examine all of the new inventions and patents brought before them, and report their qualifications and merits to the Association for their consideration.

We, as a committee, solicit patentees or others having models, drafts, or chasing lines of new inventions of machinery to send them before us for consideration, and if found worthy of merit in the opinion of the Association, will recommend the same to the public.

From the Owensboro, Ky., papers, we learn that the steamer Wm. White exploded her boilers last Tuesday night in Green river, by which Capt. Al. Brinkwater and the engineer were killed. No further particulars given. The explosion was heard in Owensboro. The Wm. White was owned and built at Evansville, a stern-wheel craft, and was plying the Evansville and Green river trade.

Says the St. Louis *Democrat*, of Monday: John H. Burk, John Shields, Wm. H. Humphreys and Charles S. Humphreys, on January 17th, bought from Joseph Settinins, the stern-wheeler Benton, for $12,000. The cabin will be taken off, and she is being placed in good order for the mountain trip. Capt. Burk, late of the Lady Gay, a sterling boatman, will command.

Says the Cincinnati *Commercial*, of Tuesday: The Darling succeeded in descending the falls at Louisville on Sunday afternoon, and has laid up at Portland until she can take on her freight, when she will proceed to Memphis. Capt. G. W. Johnston, of the Glasgow, arrived in this city from Marietta on Sunday, and left for Pittsburgh in last night's train. He reports the Glasgow, together with the W. F. Curtis, Ida Rees and the towboat Little Whale, laid up in the mouth of the Muskingum River.

PURE CALIFORNIA WINES.

GURNER & CO.,

No. 80 Cedar St., New York,

Offer for sale these valuable Wines, which are gaining public favor with astonishing rapidity, and whose unprecedented and unrivalled popularity is not without merit. They have only to be fairly tested to give them the preference over all others. As a purifier of blood they excel all other Wines, and the numerous certificates which have voluntarily been tendered from the most eminent physicians, as well as gentlemen in every position in life, are proof conclusive that these Wines are useful in all cases for which they are recommended.

The following brands are now offered by us. They comprise all the varieties now grown in the State su table for sale:

WHITE, or HOCK WINE—Of a light straw colored, very delicate and fine flavored.

CLARET—A superior wine for table use.

ANGELICA—A rich and naturally sweet wine, much admired by ladies, and valuable in the sick chamber, as it makes fine wheys and jellies. It is a fine desert wine, and well adapted for Communion purposes.

MUSCATEL—A light colored, highly aromatic wine. Very similar to the celebrated Tokay.

PORT—Deep red color, fine flavor, and in many respects similar to the old wines of Lisbon.

GRAPE BRANDY—The pure distillation of our wines.

WINE BITTERS—A very agreeable tonic and a sure remedy for the diarrhea.

This is one of the most valuable combinations of a useful and an agreeable beverage that has ever been offered to the public. Millions of bottles were sold throughout the North during the last four years, and wherever introduced it has proved a welcome addition to the invalid table, the family circle, and the bachelor's sideboard.

Ladies who have lost strength and appetite, and suffer from nausea, vomiting and vertigo; gentlemen who "don't feel very well" just before breakfast or dinner, whose stomachs are out of order, and whose systems are generally deranged; mothers weaning children and suffering from general debility; children of sickly nature and sour, dyspeptic constitutions; travelers who have occasion to change their water; and all who live in malarious districts and are subject to miasmatic influences, will find it one of the most valuable invigorators that can be taken.

It was used very extensively in 1861, with such general satisfaction that in offering it to the public now we deem it unnecessary to publish any of the many certificates that we have received, testifying in the very strongest terms in its favor. All that we can say is to guarantee that we will pledge ourselves to furnish an article PURE AND UNADULTERATED.

It has been given to little children suffering from weakness and weak lungs with most happy effect. One little girl, in particular, with pains in her head, loss of appetite and daily wasting consumption, on whom all medical skill has been exhausted, has been entirely restored. She began with but a teaspoonful a day. Her appetite and strength rapidly increased and she is now well.

CONSUMPTION.

Our son, JAMES PAINTER, some three years ago was afflicted with consumption of the lungs for which he was discharged from the army. He was examined by four army physicians, who all agreed that he must die with the disease. We brought him to Dr. KEYSER, 140 Wood street, (now 120 Penn street,) who, after sounding his lungs, commenced to treat him, and cured him sound and well. He is now well and has been so for the past three years. Others afflicted in like manner can likewise be cured.

JAMES PAINTER.
MARY ANN PAINTER.

Temperanceville, Sept. 5th, 1866.

PITTSBURGH, December 31, 1866.

A GREAT CURE BY DR. KEYSER'S PECTORAL SYRUP. I live in Peebles township, Allegheny county. I had a cough and spitting, which commenced about the 4th of February last, and continued eighteen months. I employed the best physicians in the country, and my cough continued unabated until early in October. At that time I was advised to try your Pectoral Cough Syrup, which I did, and after I had taken one bottle, I was entirely free from the coughing and spitting. I had despaired of ever getting well, and I think that it should be known that this valuable remedy will do for others what it has done in my case. JOHN C. LITTLE, Peebles township.

Witness—R. M. KERR.

A case of five years' standing cured by Dr. KEYSER'S PECTORAL SYRUP.

PITTSBURGH, January 11, 1866.

DR. KEYSER:—My wife has been afflicted with a cough and difficulty of breathing for five or six years, which, for several years back, had gradually increased in violence. The complaint has been hereditary, and she had been treated by several physicians without any relief. In this state of her case I procured some of your PECTORAL COUGH SYRUP. I bought the first time a fifty cent bottle, which relieved her very much; I then called and got a dollar bottle, which cured her entirely, and she has now no trace of the former disease, except weakness. I would also state that I used the medicine myself to a cold and cough. The medicine cured me by taking one dose. I express my entire satisfaction with the medicine, and you are at liberty to publish this if you desire to do so.

WM. WILSON,
Alderman, Fifth Ward.

WHOOPING COUGH.

Below will be found a certificate from Doctor M. DUPUY, one of our most respectable dentists, in regard to Dr. Keyser's Pectoral Syrup. The Pectoral Syrup is also an infallible cure for every form of cough and cold to which we are liable.

PITTSBURGH, June 23, 1862.

DR. KEYSER:—Dear Sir: I have for a long time been opposed to advertised or patent medicines, and it is with reluctance that I recommend any of them. The consideration, however, that I am doing the community a service, induces me to overcome my objections, and to publicly recommend your Pectoral Syrup. We have kept it in our family for the last five or six years and have given it for coughs, such as are produced by colds, &c., with the effect of alleviating or entirely arresting them. During last winter our children were exposed to the infection of whooping cough, and each one of our three boys was attacked with what we believed to be that malady. We administered your syrup liberally, and the result was, that the whooping cough lasted with neither of them more than ten or twelve days. I hope others will at least make a trial of your medicines in such cases, as we have found it beneficial. Yours,

M. DUPUY, No. 21 Wylie street.

HERNIA OR RUPTURE.

It will be observed that we have published for some time past an advertisement of Dr. George H. Keyser, of 140 Wood street, Pittsburgh, Pa. in reference to Trusses and other mechanical appliances for the cure and relief of hernia, rupture, besides various brokendown conditions of the human body which are usually beyond the reach of medication. Dr. Keyser has given this branch of the business great attention for several years past, and we think we are justified in saying that he comprehends it thoroughly. You can get at his store, Shoulder Braces for weak breasts, Elastic Stockings for varicose veins, Pile Props for the cure of Piles, and, in fact, every variety of mechanical appliance. Dr. Keyser is the inventor of a Truss for the radical cure of Hernia or Rupture, so perfect in its parts and so comfortable to the wearer, as to elicit the admiration of all who may need such an appliance.

He has recently been in communication with some of the ablest and most experienced truss surgeons in the United States, and feels satisfied that all those who have been plagued or annoyed with ill-fitting and uncomfortable trusses, can be accommodated by calling at his consulting rooms, No. 120 Penn street, or at his Medicine and Truss Depot, 140 Wood street. Office hours from eight to eleven A. M., and one to four P. M.

DEAFNESS AND THE EAR.

Many persons have rested content in the belief that skin and ear diseases, however troublesome, will wear out of themselves, or that no remedy will avail in effecting a cure; in this way many persons have suffered through half a dozen years, who might easily have been relieved at the onset in as many weeks. So also with regard to the ear, a prejudice has obtained that the ear is too delicate an organ to be treated, or as is often expressed, TAMPERED WITH; hence hundreds have thus remained deaf for the greater part of a lifetime, who might have been greatly relieved, and in many instances, completely restored to their hearing, had proper assistance been timely applied for, as may readily be seen by a perusal of the following certificate. We also take occasion to remark that the testimonial comes from a source close at hand, in Allegheny City, where, upon inquiry, any one interested can satisfy themselves of its truth:

PITTSBURGH, July 28, 1864.

DEAR SIR:—I take pleasure in adding my testimony to that of others in favor of Dr. Keyser's treatment of deafness. My son had been afflicted for five years with deafness produced from scarlet fever. At times he could not hear at all; and could only understand as we would motion to him. His speech had also become affected. Having tried other remedies without receiving any benefit, I applied to Dr. Keyser, and under his treatment he has entirely recovered, and can now hear as well as ever he did.

JOHN E. GARRET,
No. 177 Beaver street, Allegheny.
